SERVICES

Beyond our product line, Mach Motion Products offers a wide range of services to better fit our customers' needs. Some of our services include:

- *Custom Drive Software*
- *Assembly*
- *Sub-system Integration*
- *Inventory Management on Blanket Orders*
- *In Stock Products for Rapid Prototyping (ServoElements.com)*

Developing new products or integrating existing parts is a collaborative effort. We are here to help! Reach out to Mach Motion Products today, and let's discuss what we can do for you!

Visit ServoElements.com, the online storefront for Mach Motion Products. We carry a complete line of Servo Motors, Gearboxes, Drives & more! Same day shipping on in stock items.

STANDARD & CUSTOM MECHANICAL SOLUTIONS

machmo.com | (360) 601-0666 | info@machmo.com

SCREWS

Leadscrews

Standard and precision grade leadscrews from 8 to 120mm dia. with a variety of nuts including zero backlash, acetal (POM), or bronze produced to your specification. PTFE coating also available.

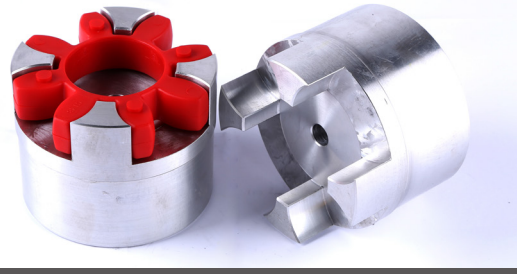

Ballscrews

C-5 precision ground ballscrews at a competitive price. These metric screws are also available in bi-directional configuration. Available in 4 to 50mm dia.

COUPLINGS

Beam Coupling

A single piece of material is spiral cut or cross cut to make a zero backlash flexible coupling that requires no maintenance. Bore sizes and all coupling dimensions are manufactured to specification.

Jaw Coupling

Three-piece coupling design allows you to select the elastomeric component material. High temp., salt, or chemical environment operation.

FRONT BRAKES

NEMA 23, 24

24VDC Front Brakes for stepper and servo motors. Available in Nema 23 & 24 sizes, with multiple input and output shaft options. 0.34 Nm ~ 1.5 Nm holding torque. In stock on servoelements.com

NEMA 34

24VDC Front Brakes for stepper and servo motors. Available in Nema 34 sizes, with multiple input and output shaft options. 1.68 Nm holding torque. In stock on servoelements.com

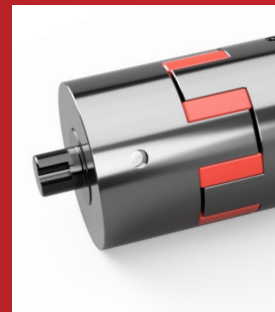

BEARING MOUNTS

Mount your leadscrew or ballscrew effectively with our line of bearing mount kits

CUSTOM COUPLINGS

Any modification of our standard version of coupling can be accommodated.

GEARBOXES

Mach Motion Products offers the most cost-effective gearbox solutions for belt actuators. Available now at ServoElements.com
